There were no public comments.

4. **Consent Agenda:**

A. Approval of Minutes: January 11, 2018 Meeting

B. Federal Transit Administration (FTA) Section 5305(d) Grant Application (FY 2018/2019)

Alan Skavroneck made a motion to approve the Consent Agenda. Ken Doherty seconded the motion, and the motion carried unanimously.

5. **Transportation Disadvantaged Trust Fund (TDTF) Trip and Equipment Grant**

Rick Kolar noted that each year a portion of the State Transportation Disadvantaged Trust Fund (TDTF) is allocated to each Community Transportation Coordinator (CTC) to provide trips and equipment for non-sponsored TD service. He noted that Charlotte County Transit is forecast to receive \$488,645. Mr. Kolar described the Transit Division's efforts to improve regional transit initiatives and commuter assistance.

6. **FY 2016/2017"-FY 2020/2021 Transportation Disadvantaged Service Plan/Coordinated Public Transit-Human Services Transportation Plan (TDSP/CPT-HSTP) Annual Update/Rate Model Calculations**

Wendy Scott noted that on April 8, 2016, the Commission for the Transportation Disadvantaged (CTD) designated the Charlotte County Board of County Commissioners (BCC) as the Community Transportation Coordinator (CTC) for Charlotte County for a five year period commencing July 1, 2016. A new Transportation Disadvantaged Service Plan (TDSP) was approved by the LCB on September 8, 2016. This document also serves as the Coordinated Public Transit-Human Services Transportation Plan (CPT-HSTP) for purposes of Federal transportation legislation requirements. She noted that this Plan was a collaborative effort with the Charlotte County Transit Division. Ms. Scott noted many of the TDSP revisions relate to new trip attractor sites such as the recent Western Michigan University satellite location in Punta Gorda for student aviation training. She noted that additional revisions included current vehicle inventory, emergency preparedness and response plan revisions, current dispatch related improvements and goals, client related rules and requirements instituted during the year and the new Rate Model calculation.

Rick Kolar noted that data-based reclassification requirements for clients using wheelchair, scooter and other personal assist devices have led to significant increased trip costs and time spent by the driver to utilize the lift and secure wheelchair bound clients.

Alan Skavroneck noted that the current rate model calculation shows a drop on passenger trips in FY 2019 and hence an overall decrease in expenses. He noted however that the current rate model calculation does not appear to arithmetically correlate with overall passenger mileage as currently expressed in the rate model calculated for FY 2019. Ken Doherty agreed with Mr. Skavroneck's assessment and stated that staff be directed review all data and metrics used in calculating the non-subsidized rate per passenger trip. He noted that the motion to update the TDSP/CPT-HSTP including the rate model calculations should to revised allow staff to review and finalize the calculations. Additionally, Mr. Doherty noted, the motion should state that the revised and updated rate model calculations be distributed to members after finalization of the data and the revised rate per passenger trip.

Alan Skavroneck made a motion to update the FY 2016/2017-FY 2020/2021 Transportation Disadvantaged Service Plan/Coordinated Public Transit-Human Services Transportation Plan (TDSP/CPT-HSTP) and Annual Rate Model Calculations. **David Wilson** seconded the motion. LCB members unanimously approved the FY 2016/2017-FY 2020/2021 Transportation Disadvantaged Service Plan/Coordinated Public Transit-Human Services Transportation Plan (TDSP/CPT-HSTP) and Amendment/Rate Model Calculations including allowing staff to review and revise the data used to calculate the rate model calculation in the final document. The motion also includes the understanding that when the Plan and rate model calculations are finalized they will be distributed to all LCB members.

7. Community Transportation Coordinator (CTC) Evaluation

Wendy Scott described the findings of the annual Community Transportation Coordinator (CTC) Evaluation conducted on March 13-14, 2018. She noted that the evaluation is pursuant to Chapter 421 of the Florida Statutes and the Florida Administrative Code, Rule 41-2. She reviewed the ride-along trips conducted by MPO staff and noted that the evaluation also included an examination of supporting documentation provided by the CTC.

She noted that the Evaluation was hampered by a vehicle accident on I-75 at the Peace River Bridge, with transit buses forced to use access roads and alternative roadways. Ms. Scott noted that there were no corrective actions identified during the trip and that previous corrective actions have been addressed.

Surveys of riders contacted by MPO staff indicated that overall riders are very appreciative and thankful of the opportunities TD services provide. Average satisfaction with the service on a scale of 1 to 10 was 8.8. Ms Scott noted a remark by one rider that stated "I need the bus to get through life".

Ms. Scott mentioned that with the increasing use of caller ID and cell phone usage it has become more difficult to survey riders over the past few years.

Alan Skavroneck that the use of a currently an Application (app) to provide real time survey data from transit clients should be explored. Wendy Scott stated she will discuss this concept at the next scheduled CTD Conference and Training session.

Alan Skavroneck made a motion to approve the 2018 Annual Community Transportation Coordinator (CTC) Evaluation. David Wilson seconded the motion. The motion carried unanimously.

8. Quarterly Report

Rick Kolar, Charlotte County Transit, stated that during the January through March 2018 reporting period TD ridership increased slightly from the previous quarter. He noted that there were 495 No Shows in the quarter.

At this time, Mr. Kolar stated that this high no show total reflects that a significant number of riders do not respond to phone calls reminding clients that they have scheduled a ride for the next day. Mr. Kolar continued, by stating that his data indicates that less than 5% of riders cancel their trips at the time the “call backs” are made. He indicated that many riders continue to cancel their trips just hours before their pickup time. This in turn, creates the root of the high “no-show” totals, as drivers follow their daily pick-up schedule unaware that the client has canceled their trip. Mr. Kolar reiterated that the “call-back” program is not mandated by the CTD and currently is not meeting expectations as the system is designed to update daily driver manifest lists for those clients who use the automated request/cancel ride system, not call in their request to cancel on the same day as pickup was scheduled. Ken Doherty asked that County Administration continue to be updated on this issue.

Mr. Kolar noted that the van used by the Homeless Coalition as a coordinated provider does not appear to be operating on a regular basis. He also stated that the Cooper Street van will be discontinued in mid-May coinciding with the end of the school year and that the Cooper Street program will be merged with the Boys and Girls Club of Charlotte County.

9. Public Comments

Kim Correll of the Charlotte County Starfish Program inquired of Transit Division staff if informational brochures describing their services are available or if transit staff provides outreach services including presentations. Rick Kolar noted that Ms. Tammy Hall of the Transit Division is the person responsible for transit community outreach and public involvement and he would have Ms. Hall contact her to schedule a transit informational presentation.

10. Staff Comments

Wendy Scott welcomed new FDOT Passenger Operations Specialist, Kelley Fernandez. and new ACHA representative Maribel Perez who will be t long-serving LCB member Joseph Martinez She also thanked current LCB Citizen Advocate Representative Joseph Sabatino for agreeing to serve another 3-year term.

Ms. Scott informed members that she will be attending a Title VI Training and roundtable for MPOs in Orlando the week of May 14, 2018. She noted the training will

aid in ensuring that the MPO is in compliance with all Title VI requirements required by the State and Federal government.

Ms. Scott also mentioned that the MPO has been reviewing agenda packet procedures to improve efficiency and cost effectiveness. Going forward the orange/salmon colored paper used for the LCB agenda and the agenda topics will no longer be utilized, but the LCB will continue with colored paper nameplates.

Mr. Klara mentioned that the Charlotte County Regional Bicycle-Pedestrian Master Plan is nearing completion with adoption of the Plan by the MPO Board slated for their July 30, 2018 Meeting. He noted that a series of Workshops was held on March 21 and 22, 2018 to solicit public opinion on the Plan and he thanked those members who used the interactive online mapping tool WIKIMAPS to identify gaps in the bicycle/pedestrian system and pinpoint areas where rider and pedestrian safety concerns need to be addressed. Mr. Klara encouraged members and their constituents to visit the MPO website and participate in aiding identifying pedestrian and bicycle routes and gaps, and comment on issues as they relate to these modes of recreation and transport.

Mr. Klara also discussed with members the relationship and integration that transit agencies provide with and to the biking community. He mentioned that periodic consultation between the MPO's Bicycle-Pedestrian Committee (BPAC) and transit can aid in improved bicycle on-board buses programs, as well as areas where Safe Routes to Transit programs could be implemented. He mentioned that safety related improvements of pedestrian facilities, an area currently being developed by the aforementioned Bicycle-Pedestrian Master Plan, are in areas where our transit system operates including schools and retail centers.

MPO Director Gary Harrell also welcomed new LCB members Ms. Fernandez and Ms. Perez. He noted the success of the WIKIMAPS online mapping tool utilized in the ongoing development of the Charlotte County Regional Bicycle-Pedestrian Master Plan and noted the MPO will continue and expand on its usage going forward

11. Member Comments

Dottie Fulton noted that occasionally she has attempted to schedule a ride during the 8 a.m or 4 p.m. timeslot, only to be notified that these times were unavailable. Rick Kolar noted that he would contact Ms. Fulton after he reviews this issue. He stated that there is no official "blocked out" policy related to these timeslots.

Michelle Peronto stated that 5310 and 5339 Grant Applications for Federal fiscal year FY 17 have been executed noting that 47 applications have been received and are under review for the next Grant cycle. She noted that FDOT, the Florida Public Transit Association (FTPA) and the Center for Urban Transportation Research (CUTR) will be holding a Professional Development Workshop for transit related professionals with an emphasis on utilizing new technology applicable to transit programs. She noted the program is scheduled for June 4-6, 2018 in Tampa.

Ms. Peronto also referenced that the Federal Transit Agency (FTA) will be conducting their triennial review of FDOT District One during calendar year 2018. She noted that CUTR, Florida State University and the consulting firm Atkins are performing the review.

Ms Peronto also noted that Mr Wayne Gaither, formerly with LeeTrans, has been named the new FDOT Southwest Area Office Director.

Joe Sabatino mentioned that St. Vincent de Paul (Catholic Human Services Organization) was awarded a grant to aid with the assessment, evaluation and logistics in providing hurricane related disaster relief throughout Florida.

Mike Mansfield stated that a report assessing the options and efforts to improve housing affordability is anticipated to be completed by September 2018. He stated he would discuss the report findings at a later LCB meeting.

12. **Adjournment**

Chair Doherty noted the next LCB meeting is scheduled for September 6, 2018. He adjourned the meeting at 11:06 a.m.
